

WISH LIST

Look at the wishes currently waiting to be granted, and learn about the wonderful children behind them.

WISH LIST

Childhood is all too short. For children fighting an illness, it can seem even shorter because of the day-to-day struggles they face. A wish can make a life-changing difference in their lives.

Wish #1147

This young man has a severe brain injury due to a stroke he suffered when he was just two years old. The stroke left him with left-spastic hemiplegia and global developmental delays, but he has risen above these issues and lives his best life. An avid bowler, with many trophies to prove it, he also loves swimming and horseback riding, and everything Superheroes. We know he'll have the time of his life during his week-long trip to Disney World!

Wish #1146

Now 14-years-old, this young girl was born with a chromosomal deletion, and has also been diagnosed with Quadriplegic Cerebral Palsy. She suffers from chronic respiratory problems and must have care and consideration for all aspects of her daily life. Her joy comes from sensory stimulants and she especially likes listening to music, swimming, water play, and watching Baby Einstein videos. Memories will be made when she and her family visit Disney World as her special wish fulfillment.

Wish #1145

He loves riding horses, mountain biking, playing sledge hockey and ball hockey, and helping his dad look after the animals on the family farm. At first glance, you would never know the struggles he goes through each day. Born with Spina Bifida and Hydrocephalus, this 11-year-old had a MACE procedure, and now uses a catheter for both bowel and bladder control. He has a leg brace which he doesn't like to wear and must use a wheelchair whenever distances are involved in his plans. We know he's going to have the best week of his life when he and his family go to Disney World!

Wish #1143

Now 15-years-old, this young girl was first diagnosed with Angelman's Syndrome when she was just a toddler. She loves playing on her iPad and watching television and movies. Her favourite movie and character happens to be the Grinch, and we know she's hoping to see him in person when she and her family visit Disney World as her special wish!

Wish #1132

At 9 years-old, this young boy loves everything action based, including sit skiing, watching his uncle play hockey, and attending Boys Club at church. Born with Schizencephaly, a seizure disorder, and optic nerve hypoplasia, he must rely on others for all aspects of his personal care. He's a happy

and social child who loves to be in the centre of noise and commotion. We know he'll be thrilled when he receives his wish of a family trip to Disney World!

Wish #1125

Recently turned 18, this young man is far younger than his age would suggest. He was born with the most severe form of Cerebral Palsy and has been further diagnosed with epilepsy and a rare genetic disorder. He is severely cognitively delayed, and all of his pleasures come from sensory stimulants such as music, lights, and motion. When he receives his Snoezelen equipment as his special wish, we know it'll add much joy to his daily life.

"... Someone close to us recently said, "Take care of each other." It immediately made me think that those words have been brought to life through The Rainbow Society and their Sponsors. We had such a wonderful experience in Disneyland and watching Clark's expressions as he saw so many amazing and thrilling adventures was a real joy! To see him laugh and play, to see the joy on his face, to actually live out a dream, made my heart swell. I thank you from the bottom of my heart for granting this very special boy his amazing dream, and for the magic and memories this has created."

– Clark, a charming, friendly little guy was diagnosed at birth with Cutis Marmorata Telangiectatica Congenita and Polymicrogyria. We're happy to say that Clark's wish for a trip to Disneyland came true in July 2016!
