

# WISH LIST

Childhood is all too short. For children fighting an illness, it can seem even shorter because of the day-to-day struggles they face. A wish can make a life-changing difference in their lives.

OCTOBER 17, 2019

## **Wish #1152**

Now 7-years-old, this little girl was born with a chromosomal abnormality, resulting in Cerebral Palsy and a seizure disorder. She struggles daily to be comfortable and enjoys being with her family above all else. Crowds and noise aren't her thing; she loves to be outdoors and has a heightened sense of adventure, especially when she's out on the quad or boating. She will be receiving a pull-behind trailer as her special wish, enabling her and her family to spend even more time doing the activities she loves.

## **Wish #1151**

At 6-years-old, this little girl loves music and dancing, light and sound toys, water play, bubbles, and the sensation of wind on her body. Born with Angelman Syndrome and a seizure disorder, she faces challenges each day and must rely on others for all aspects of her personal care. She's going to Disney World as her special wish, and we know she and her family will love every minute of their week-long getaway!

## **Wish #1150**

This little 3-year-old knows exactly what he wants; to take his beloved stuffed bear to meet Mickey Mouse. It's nearly the only thing he can talk about! Recently diagnosed with Angelman Syndrome, he has developmental delays that he works hard to manage. He loves all forms of water play and being outdoors and is happily learning how to ride a bicycle. We're looking forward to making his wish come true when he and his parents spend at week at Disney World!

## **Wish #1149**

At 10 years-old, this young girl has much to teach us about patience and being bold. She's fearless and loves to travel, loving anything to do with speed and motion. Born with Spastic Quadriplegic Cerebral Palsy, she needs care and assistance in all aspects of her life. Because of the limitations she faces from CP, her enjoyments all come from sensory stimulants. We're looking forward to helping her break new barriers when she receives her wish of a helicopter ride experience!

## **Wish #1147**

## WISH LIST

This young man has a severe brain injury due to a stroke he suffered when he was just two years old. The stroke left him with left-spastic hemiplegia and global developmental delays, but he has

risen above these issues and lives his best life. An avid bowler, with many trophies to prove it, he also loves swimming and horseback riding, and everything Superheroes. We know he'll have the time of his life during his week-long trip to Disney World!

### **Wish #1146**

Now 14-years-old, this young girl was born with a chromosomal deletion, and has also been diagnosed with Quadriplegic Cerebral Palsy. She suffers from chronic respiratory problems and must have care and consideration for all aspects of her daily life. Her joy comes from sensory stimulants and she especially likes listening to music, swimming, water play, and watching Baby Einstein videos. Memories will be made when she and her family visit Disney World as her special wish fulfillment.

### **Wish #1145**

He loves riding horses, mountain biking, playing sledge hockey and ball hockey, and helping his dad look after the animals on the family farm. At first glance, you would never know the struggles he goes through each day. Born with Spina Bifida and Hydrocephalus, this 11-year-old had a MACE procedure, and now uses a catheter for both bowel and bladder control. He has a leg brace which he doesn't like to wear and must use a wheelchair whenever distances are involved in his plans. We know he's going to have the best week of his life when he and his family go to Disney World!

### **Wish #1143**

Now 15-years-old, this young girl was first diagnosed with Angelman Syndrome when she was just a toddler. She loves playing on her iPad and watching television and movies. Her favourite movie and character happens to be the Grinch, and we know she's hoping to see him in person when she and her family visit Disney World as her special wish!

### **Wish #1132**

At 9 years-old, this young boy loves everything action based, including sit skiing, watching his uncle play hockey, and attending Boys Club at church. Born with Schizencephaly, a seizure disorder, and optic nerve hypoplasia, he must rely on others for all aspects of his personal care. He's a happy and social child who loves to be in the centre of noise and commotion. We know he'll be thrilled when he receives his wish of a family trip to Disney World!

## WISH LIST

*"... Someone close to us recently said, "Take care of each other." It immediately made me think that those words have been brought to life through The Rainbow Society and their Sponsors. We had such a wonderful experience in Disneyland and watching Clark's expressions as he saw so many amazing and thrilling adventures was a real joy! To see him laugh and play, to see the joy on his face, to actually live out a dream, made my heart swell. I thank you from the bottom of my heart for granting this very special boy his amazing dream, and for the magic and memories this has created."*

– Clark, a charming, friendly little guy was diagnosed at birth with Cutis Marmorata Telangiectatica Congenita and Polymicrogyria. We're happy to say that Clark's wish for a trip to Disneyland came true in July 2016!
